Work in Peruvian capital told

A WELL-ATTENDED communion service took place at St. Andrew's Church in Kirriemuir on Sunday.

The congregation heard Dr Luis A. Campos give a talk on Operacion San Andres, a project he and his wife Ruth (a sister of Dr John Gilmour, Kirriemuir) help run in Lima, working with impoverished people living near the Peruvian capital.

Dr and Mrs Campos are currently on a short visit to Scotland, accompanied by Mr and Mrs Smith, who also work with OSA.

Mr Smith presented an up-to-date photo album to the St. Andrew's congregation.

All four, along with Dr and Mrs Gilmour, also attended a service in Tannadice church.

Both St. Andrew's and Tannadice congregations are supporting the work of OSA, by giving money and offering prayers.
